# TREFTZ LIMOUSIN

Dear Limousin Friends,

What a difference a year makes! Having gone through 2 years of back to back droughts in 2017 and 2018, this year has been completely the opposite. With timely rains and the fortune of missing the flooding that has made life tough for many farmers and ranchers in the Midwest, we feel very thankful in 2019. Taking pictures for this newsletter presented a dilemma I can't complain about, finding areas in the

pasture where the grass wasn't TOO tall to take photos!

We are super excited about this set of calves this year and would like to give you a little preview this fall. So, join us September 29, 2019 for a tour of our purebred cow herd or as we refer to them, the factory behind our program. See the impressive upcoming prospects at their dam's side as we take a hayride through the pastures. Also, check out what we've been doing with our 3 way cross (Limousin bulls on F1 baldies) all during a relaxed atmosphere of fun, food, and fellowship. Bring your family, friends, or even a neighbor and we will try to convince them to the benefits of Limousin. We will be sending out a postcard closer to the date as a reminder.

With cattle numbers up in our herd and help limited, we will once again be offering many registered females of all ages for sale this fall, bred and open. Keep posted on our Facebook page and our website for details as they come in.

Hope to see you in September!

Sincerely,

*Glenn Trefitz*

# Cow Family Spotlight

Proving the longevity of Limousin cows is this soon-to-be 22 year old matriarch, TREF 334G, aka Granny. Surviving the historic winter of 1997 as a young calf and then the brutal winter of 2019, this remarkable foundation cow has put countless daughters and granddaughters into our herd and several bulls in our sales. She will spend what days (or years) she has left grazing our pastures and taking it easy.

## Bred Heifers

We will have several red and black heifers bred to these stout bulls available this fall for sale at private treaty. Also will be 20 F1 black baldie heifers bred to Limousin bulls.

## Latest Edition

**WULFS FIAT K683F ET**

Walking our pastures this spring was this popular lot we purchased in the 2019 Wulf sale, Wulfs Fiat K683F. This son of Hunt Credentials, out of the herd sire producing donor Wulfs Soloist, has epds in the top 1% for REA, marbling, and CW making him a perfect carcass bull.
