

25 F1 Bred Baldies for Sale

PRSRT STD
U.S. POSTAGE
PAID
ABERDEEN, SD
PERMIT NO. 200

True first cross F1 baldie bred heifers selected from 2 prominent Hereford breeders in SD as opens this spring. Synchronized and AI bred to TREF Hotshot 345H on May 19. Exposed to TJ Helix 751H and HL EZ Money 821H for 50 days. They are fully vaccinated pre and post breeding, have the Scour Bos 9, and ultrasounded with birthing dates available. Great set of reputation heifers that can go anywhere!

Hotshot was our high selling black bull in 2021 we kept a semen interest in. He started with a 74 lb BW and exploded to 804 at weaning off a tremendous first calf heifer. He has 9 epds in the top 15% of the breed. Top 1% CED, 3% BW, and 4% GEST. His first calf crop backed it up.

TJ Helix was one of the cleanup bulls. He was the high selling bull at Symens Bros. 2021 sale. He is homo polled and homo black.

LIMOUSIN**

Dear Limousin Friends,

Another summer is already about in the books. Unlike 2021, we had a very wet late spring and early summer. Although it was tough on man and beast, it brought us lush pastures, full stock dams, plenty of hay, and a break from struggling to find feed.

Enough about that.....let's talk Limousin!! At Treftz Limousin, we are still producing cattle with the true Limousin character that are getting hard to find. Based on phone calls, texts, and emails, excitement about purebred Limousin cattle is definitely on the rise. Nothing is more rewarding than listening to a fella who bought his first Limousin bull and is hooked upon his first calf crop. For those of you that are interested, we will have bred cows and heifers to sell again this fall.

The highly anticipated calves from TREF Hardcore and Anchor B Gold Rush are everything we hoped for. They are showing big time growth and setting new 205 day weight records here at the ranch.

Your opportunity to see them and our next group of upcoming bull and heifer prospects is Saturday, September 24 at our Fall Hayride through the cattle. Hopefully you can take a day off your busy schedule for an afternoon of fun, food, and Limousin cattle. Please let us know if you can attend.

Sincerely,

Glenn Treftz

FALL TOUR 2022

Family Spotlight

It can't always be about cows... June 30, 2022 Mila Wren Rios came into our lives. It's been a LONG wait since the last pitter patter of babies feet in our house were her mom's. As all grandparents tell us, nothing is more exciting! A grandbaby reminds us how much love our hearts can hold.

New Additions

Balamore Hershey

Balamore Hershey came all the way from Nova Scotia and is co-owned with Schock Limousin. This young fall bull is chocked full of muscle and is homo black and homo polled. He too is a total outcross to most American bloodlines. We anxiously await our 2023 calf crop from these two outstanding additions!

Richmond Fantom

Richmond Fantom is a homo polled, hetero black bull that adds new meaning to the word "power". He is big boned, very sound and of course fits our muscle protocol. He had a large weaned first calf crop in Canada which we were impressed with making our decision to bring him south very easy.
